GRILLING ISN'T JUST A SUMMER SPORT

The popularity of grilling is bigger than ever.

Over half of grill owners grill year-round. It's hard to resist sear marks on a juicy steak, or the smoky flavor of salmon prepared on a wood plank.

Now that grilling isn't a seasonal activity, breakthrough products are the norm. Tried and true tools are getting an update too! Don't take our word for it – see and taste for yourself!

When it comes to cooking over an open flame, nothing is off the table – or grill! Everything from appetizers to entrées and desserts are being thrown on blazing grill grates giving them that fantastic, flame-licked flavor. In the pages of this catalog, you'll find ways to grill up any food you can think of – and a few surprises as well! We here at Charcoal Companion® are proud and excited to showcase our time-tested barbecue tools and accessories, and new innovations guaranteed to change the way you think about outdoor cooking flavors.

The kitchen and the grill share a common problem: people want to create incredible dishes, but they want the process to be easy, and they want to save time too.

Cooking with fire is an art as old as time, but that doesn't mean your tools have to be! Our new KitchenQue™ Stovetop Smoker lets foodies get that delicious smoky flavor, without the expense and hassle of a professional outdoor smoker. It's perfect for winter cravings, finishing off fine foods with a touch of smoke, and experimenting with new flavors. Our Bluetooth® smart thermometer, Q-Tech™, makes it easier than ever to time and track foods on the grill or on the stove. We're also introducing new FLEX Grill Sheets™ that protect your grill grates and make cleaning a snap after a meal. We've made it faster and easier than ever before to get cookin'!

This is just a taste of what we have to offer throughout this catalog. Our products are the result of sharing ideas and connecting with our customers. Please do not hesitate to contact us, by phone or email, with any questions, suggestions, or comments.

STOVETOP KITCHENQUE™ SMOKER

**SMOKE FOOD
INDOORS!**

**OUR LATEST
INNOVATION**

There's no substitute for the complex and distinct flavors you can achieve by smoking your food, but using a traditional smoker requires a lot of space and money. There wasn't a quick, convenient way to smoke foods indoors...until now!

Master foods like brisket, ribs, chicken, seafood, or even appetizers like stuffed mushrooms and smoky hummus, all from the comfort of your kitchen. Explore new tastes and make smoking a tradition in your home – not just outside it.

INCLUDES: INSTASMOKE™ SUPER-FINE SMOKING WOOD

Includes one 9 cu in (147 ml) tube - Hickory

Refills of Hickory, Mesquite, Cherry,
and Apple sold separately, see page 25

Turn the burner on medium flame.
Place InstaSmoke™ in the base

Place drip pan and grate in the
smoker. For wet smoking, add water

Keep food covered
while cooking

Add more InstaSmoke™
as needed

The KitchenQue™ Stovetop Smoker gives you the opportunity to smoke food indoors as you would on your grill or in a conventional smoker. Compatible with most stovetops, the smoker reaches 400°F (204°C) to smoke and cook food at the same time, or if you prefer, cook your food separately and place it in the smoker for a finishing touch. The KitchenQue™ is easy to set up and most parts are dishwasher safe.

- Smoke brisket, ribs, fish, chicken and veggies in your kitchen

- Compatible with most stovetops including NG/Propane, Electric, and Induction
- Reaches 400°F (204°C) for simultaneous smoking and cooking
- Drip tray opening allows for refilling with InstaSmoke™ after smoking starts

KitchenQue™ Stovetop Smoker

EVERYTHING ELSE IS SMART,
WHY NOT YOUR GRILL?

SOUNDBEAM™
GRILL LIGHT WITH BLUETOOTH® SPEAKER

Get amped up for your next cookout! The SoundBeam™ Grill Light with Bluetooth® Speaker is both a grill light and a speaker for your tunes! Position the SoundBeam™ using its attached clamp to shine an adjustable, bright beam of light on your grilltop, giving you visibility for better grilling. The SoundBeam™ can also be connected to your phone via Bluetooth® to play your favorite songs, music stored on a micro SD card, or anything connected with an AUX cable. The SoundBeam™ pairs with Apple and Android phones, and will even allow you to accept or decline incoming calls when connected to your phone!

-  Pairs with your Bluetooth® enabled devices
-  Directs a bright beam of light on your grill top or wherever you need to see
-  Can play music from your phone, a storage card, or other AUX-output device

SoundBeam™ Grill Light with
Bluetooth® Speaker

PizzaQue® Pizza Kit for Kettle Grills

- Converts your kettle grill into a pizza oven
- Achieves the high temperatures and smoky flavor of professional, wood-fired pizza ovens
- Cooks pizzas in 3 to 5 minutes

PIZZA KIT INCLUDES:

15 in (38.1 cm)
TheraBond™ pizza
stone

Stainless steel
kettle converter
with thermometer

Charcoal fence

BONUS:

13 in (33 cm) wide folding
aluminum pizza peel

*R*eplicate a traditional wood-burning pizza oven using your charcoal grill! The PizzaQue® Pizza Kit for Kettle Grills converts your grill into the perfect pizza oven in just minutes. The kit allows your grill to reach cooking temperatures up to 900°F (482°C). The TheraBond™ baking stone within the kit absorbs and evenly distributes heat, eliminating hot spots. Your pizzas will cook quickly, evenly, and with that great smoky, authentic flavor. Includes a folding aluminum pizza peel to easily transport pizzas to and from your grill. Fits 18.5 in. and 22.5 in. (47 cm and 57.2 cm) kettle grills.

PC7001 - case / 1

for more photos and info go to companion-group.com

PizzaQue®

Pizza Baking Kit for Gas Grills

Harness the high heat of your gas grill to cook pizza outdoors! This baking stone and steel hood set will transform your gas grill into a pizza-making machine. The ThermaBond™ stone absorbs and radiates heat to bake a crispy, evenly-cooked crust. The steel hood traps and reflects heat down onto the top of your pie so that your toppings are done at the same time as your crust. Ventilation holes in the hood allow moisture to escape so pizzas are never soggy. This kit includes a folding pizza peel with comfort grip handle, making it a breeze to transport pizzas to the grill and to retrieve them when they're finished cooking.

PC0316 - case / 2

- Turns your gas grill into a fast and efficient pizza oven
- Unique design contains and reflects heat down onto the top of your pizza so crust and toppings are done at the same time
- Preheats in 15 to 20 minutes; cooks pizza in 6 to 7 minutes
- Includes 12 in. folding aluminum pizza peel with comfort grip handle

AMERICAN CLASSICS

bbq classics

Grilled burgers and hot dogs are the foundation of American cuisine. Whether medium-rare or well-done, our burger baskets and molds make easy work of achieving the perfect burger every time. We even offer a Stuffed Burger recipe book and press that will inspire delicious variations of stuffed burgers.

A - Dizzy Dog™ - Hot Dog Spiral Cutter – CC2032

The hot dog is a classic that's been personalized over the years. With a range of cooking methods and endless topping options, put your own twist on your next hot dog and start a new tradition. The Charcoal Companion® Dizzy Dog™ spiralizes your hot dog, making room for all the toppings you want and maximizing crispness and caramelization. Throw your dog on the grill and watch it sizzle like never before!

B - Non-Stick Stuff-A-Burger® Basket – CC3507

This basket is designed for extra-thick stuffed burgers and allows you to grill and flip four stuffed burgers at once. Rosewood handle. Non-stick. 10.25 in. x 19.5 in.

C - Non-Stick Grilled Cheese Basket – CC3132

This wide Non-Stick Grilled Cheese Basket can hold two sandwiches at once. Its flat, perforated steel panels adjust to your sandwich's height, while simultaneously pressing it for easier eating. Flipping your sandwiches is as foolproof as turning the basket over, and the non-stick coating makes for fast cleanup. 11 in. x 15.5 in.

D - Stuff-A-Burger® Press – CC5119

The inventive Stuff-A-Burger® Press creates delicious stuffed burgers with tender and tasty toppings on the inside. Press holds an impressive ¾ pounds of ground meat. Durable plastic. 5.25 in. x 4.75 in.

E - Corn Holders

Add some pop to your corn on the cob with fun food-inspired holders.

Beer Corn Holders CC5155

Popcorn Corn Holders CC5156

F - Porcelain Coated Grilled Cheese Press – CC5140

Make sure your grilled cheese sandwiches are thoroughly and evenly cooked! This porcelain-coated grilled cheese press holds your sandwich in constant contact with the hot grill or griddle. 11 in. x 5.25 in.

HIMALAYAN SALT

smoke & flavor

Himalayan salt is an ingredient and cooking method taking the culinary world by storm. Food prepared on classic salt plates take on a rich, subtle mineral flavor while adding less sodium than traditional seasoning methods. Now, we've expanded our line beyond the plate, with new salt shapes and plenty of accessories to complete your gourmet experience.

A - Himalayan Salt Chillers – CC6075

Himalayan salt is a simple ingredient that can transform a cocktail from good to great! The Charcoal Companion Himalayan Salt Chillers impart flavor to margaritas, Bloody Marys, Salty Dogs, and virtually any other mixed drink served on the rocks! This set includes ten cubes so everyone can play mixologist.

B - Salt Plate - Rectangular – CC6036

Our largest plate; works well for searing vegetables or proteins. Two may be used to cook a chicken in between for a fantastic alternative to "chicken under a brick."

C - Salt Cone – CC6068

This cone and holder set harnesses the cooking power of solid salt: by preheating your cone and then placing your chicken over it, the heat retained by the cone will help to cook your chicken, all while imparting a subtle, salty flavor.

D - Salt Chunks with Stainless Steel Grater – CC6056

Himalayan salt is rich in trace minerals, which add to the depth of flavor your foods will achieve when cooked. Salt chunks offer a way to impart flavor without the heft or bulk of a salt plate. 32 oz. Includes hand-held salt grater.

E - Himalayan Salt Plate Scrubber Brush – CC4108

Keep your Himalayan Salt Plate in prime condition for grilling and serving with the Salt Plate Scrubber Brush. The hand-held scrubber has nylon bristles to gently clean the surface of the salt plate, and a stainless steel blade to remove baked-on food bits or glaze.

F - Salt Plate Press with Silicone Band – CC5158

Get a handle on your Himalayan Salt Plate and make it easy to maneuver! This Salt Plate Press wraps around a plate of solid Himalayan salt (sold separately), giving you a firm hold as you use it to press proteins on the grill.

Himalayan Salt Plate, Holder & Book and Set

The low moisture content of the salt plate allows it to be heated to high temperatures that cook your food, while contact with the plate's surface imparts a rich, subtle flavor. This set includes a salt plate, a porcelain-coated steel holder with handles for use during cooking or presenting, and a salt plate recipe book. The recipe book includes over 20 recipes from appetizers to main dishes to desserts, so you can use your plate from start to finish. 8 in. x 12 in. (salt plate)

SMOKERS, PLANKS, CHIPS & PELLETS

smoke, flavor, & prep

The ancient art of smoking lives on even in this era of gas grills! Add great smoky flavor to food with your choice of wood chips, pellets, planks, and more. Whichever fuel you choose, our wide variety of smoker boxes and plank baskets will help maximize each mouth-watering bite.

A - 3-Tier Plank Rack with Cedar Planks – CC6072

With this 3-tier plank rack, you'll be able to cook multiple dishes at once, saving space on your grill while adding flavor! Cook up to three planks full of food on your grill, adding moisture and flavor for tender results every time. This rack also makes for an impressive presentation when used to serve at the table.

B - Stainless Smoke Bar – CC4122

Traditional smokers create a smoky environment within your grill that adds delicious flavor to your meal. This extra-long smoke bar packs even more punch! A directed vent forces the smoke out exactly where you want it: onto your food. The smoke bar can use either wood pellets or traditional wood chips, and even better, you can skip soaking the chips ahead of time and pour them right into the box! 14 in. x 3 in. x 2 in.

C - Non-Stick Rectangle Plank Flexi Basket – CC3136

Turn and move your plank-cooked meal with one motion! With this flexible grilling basket, you can place any cut of meat (or even several!) inside with a wood plank, and easily maneuver it over your grill. Basket is perfectly shaped to hold a standard 5" x 12" wood plank. Interlocking non-stick links expand to securely hold food. 12.5 in. x 18 in. x .7 in.

D - SlowSmoke™ For Hot & Cold Smoking – CC4140

With a unique design, the SlowSmoke™ works as a source of both hot and cold smoke. Fire up your burners and smoke ribs, brisket, steak, or burgers, or turn the burners off and bring out the essence of cheese, fish, scallops, and other foods perfect for cold smoking. To use, place a lighter directly under one end of the tube and hold the flame until the wood pellets light. The wood pellets will heat gradually from one side of the tube to the other, releasing smoke at a steady pace over two hours. Smoke moves through carefully positioned ventilation holes for maximum contact with your food. 10 in. x 2 in. x 3 in.

E - Cast Iron Moistly Grilled® Grill Humidifier – CC4071

Adding humidity to the grilling environment makes a huge difference. Smoky flavor is better infused, and more of the meat's natural juices are retained. The Moistly Grilled® Grill Humidifier is a two-piece cast iron vessel with a vented lid that goes onto the grill and holds your choice of liquid. Place one on each end of the grill and the result is the juiciest, most flavorful grilled meat ever! Set of 2, 11 in. x 2 in.

Adds humidity to grill to improve smoke flavor!

PREP IT UP

smoke, flavor & prep

Feeling saucy? We've got the tools for you! Create your favorite sauces and marinades with our bottles and pots, then use our brushes to slather on the flavor! Serve sweet and spicy dishes on our convenient cutting boards to protect your surfaces and contain the mess.

A - Silicone Head Basting Bottle – CC5048

13.75 fl. oz. plastic bottle with silicone bristles. Includes storage cap. Brush bristles are heat-safe up to 550°F (288°C).

B - Blossoming Onion Rack – CC5149

Now you can enjoy the famous 'Bloomin' Onion' in the comforts of your own backyard! The three-piece set includes an onion corer, slicing guide, and a grilling rack. Grill your onion to perfection and enjoy with your favorite healthy or indulgent dipping sauce. 3 sauce recipes included.

C - Hasselback Potato Slicing Rack Set – CC2031

Baked or grilled Hasselback potatoes are a crispier, more flavorful alternative to baked potatoes. Potatoes are cut into thin slices partway through the potato so that the slices are held together. Hasselback potatoes cook faster and can also be loaded with your favorite baked potato toppings..

D - Bamboo Cutting Board 13.5 in. Round – CC5162

This durable bamboo cutting board is a beautiful and practical addition to your indoor or outdoor kitchen. Features a colorful soft-grip handle that makes it easy to transport to the table to use for serving. It's also great for cheese boards.

Packaging - box

Grill Station®

The Grill Station® includes four essential pieces in the set to keep raw and cooked food separate while grilling. One large tray is clearly marked RAW while the other is marked COOKED to eliminate confusion and cross-contamination. Lid fits both food trays. The tool caddy tray hooks to the food tray edge for use, and fits inside tray for compact storage.

Ridges on the inside of the food trays allow for liquids to flow freely for even marinating. Tray contents and date can be labeled with a dry-erase pen for convenience.

CC5094 - case / 4

16.75 in. x 11 in. x 2.5 in.

Packaging - pegging sleeve

MARINATE

SERVE

A

PEPPERS, TORTILLAS & MORE

latin grilling

Savor flavors from Madrid to Mexico City! Our Latin line features favorites from Spain, Central, and South America, allowing you to create tacos, paella, stuffed peppers, and tortillas on the grill! Even barbecue classics like kabobs and corn on the cob get an extra kick with festive pepper-shaped skewers and corn cob holders.

A - Chili Pepper Silicone Skewers – CC1984

Serve skewers with Southwestern style! These festive silicone peppers top double-pronged skewers that securely hold ingredients while preventing sliding and spinning.

B - Stainless Steel Pepper Roasting Basket – CC1993

Roast hot and sweet peppers in a cinch. Basket keeps peppers at a perfect distance from the flame to prevent burning. Walls are high enough to keep them in with mesh-like bottom to promote even browning.

C - Chili Pepper Corer – CC1990

Make easy work of coring chili peppers. Simply cut off stem end of the jalapeños with the serrated edge. Twist and scoop out the inside membrane and seeds. Corer has stainless steel blade and rosewood handle.

D - Chili Pepper Rack and Corer Set – CC1991

This special pepper rack and corer set makes preparing and grilling stuffed jalapeños easy. Corer has stainless steel blade with a rosewood handle. Includes a non-stick rack for easy cleaning and serving.

E -Stainless Steel Taco Rack – CC1992

Build and warm your tacos on the grill with this handy taco rack. Excellent way to melt the cheese and then add cold toppings before eating. Open mesh-like design allows perfect exposure for even heating but prevents bits from falling through.

CERAMIC GRILLWARE

grill toppers

The Flame-Friendly® line of grillware revolutionizes ceramics on the grill: these pieces are dishwasher-safe and shed the weight of heavy cast iron while standing up to the heat of direct flame! The grillware absorbs high heat and evenly distributes it so food is perfectly cooked every time. Plus it's thermal shock-resistant up to 700°F (371°C). Its attractive non-stick glazed finish ensures an easy cleanup while still looking good through many cookouts!

A - Flame-Friendly® Ceramic Plancha – CC3813

The Flame-Friendly® Ceramic Plancha conducts high, evenly-distributed heat to give foods a crusty, smoky sear while keeping them succulent on the inside. Excellent for delicate fish, shrimp, and vegetables – anything that tends to break apart or dry out directly on the grill. Sturdy handles makes it easy to transfer from grill to table. The plancha's unique design also encourages excess juices and drippings to glide toward the wells at the bottom, where they can be collected and saved for other dishes!

B - Flame-Friendly® Ceramic Grilling Grid – CC3800

Grill and smoke food items without losing them through the grill grate. Thermal shock resistant ceramic with black matte glaze. 16.5 in. x 10 in.

C - Flame-Friendly® Bacon Bowl Rack – CC3811

Use this bacon bowl to make delicious edible cups that you can fill with whatever you like! Make fun breakfasts, sides, or snacks with a savory layer of bacon! The attractive nonstick glazed finish is also scratch-resistant, so your rack will look good through many meals.

D - Flame-Friendly® Ceramic Baker Set – CC3802

Bake mini mac & cheeses, fruit crisps, or cheese dips on the grill with these individually sized bakers. Thermal shock resistant ceramic with scratch-resistant glazed. 4.75 in. x 4.75 in.

E - Flame-Friendly® Ceramic Round Grill Pan – CC3810

Sear meats and veggies with fewer flare-ups! This grill pan's raised ridges separate food from grease while keeping it contained, all while creating those highly desired sear marks! 14.5 in. x 12.25 in.

WIPES CLEAN!

FLEX GRILL SHEETS™

— PERFECT FOR EVERY FOOD AND OCCASION —

GRILL
ENTIRE
MEALS!

PREP
BREAKFAST
WITHOUT
A GRIDDLE!

The Charcoal Companion® FLEX Grill Sheets™ open up a range of possibilities on the grill. Cooking directly on grill grates can dry out food and drain its natural juices. With FLEX Grill Sheets™, steak, chicken, pork and seafood retain moisture and stay tender. Durable, reusable and heat resistant to 600°F, the sheets also come in different shapes and sizes to fit what you want to make. Perfect for veggies, pizza, crab cakes, and even wet food like pancakes and eggs which would otherwise slide through grates. Clean up is simple; once the sheets have cooled, place them in the top rack of the dishwasher or wipe them down with a damp cloth. The sheets also prevent buildup on grill grates so more time is spent grilling rather than cleaning.

- Perfect for camping or at the park for easy prep and clean up
- Keep food tender and moist and prevent buildup on grill grates
- Easy to use, easy to clean, easy to take on the go
- Heat resistant to 600°F (316°C)
- Durable and reusable

GRILL RACKS

grill toppers

Keep things cooking by using racks specially designed for your favorite dishes! Each of these racks optimizes food for maximum flavor and efficiency. You'll cook in less time while taking up less space on the grilltop. Whether you're cooking wing, ribs, or good ol' bacon, there's a rack that's right for you.

A - 3-Tier Stainless Oyster Rack – CC3140

The 3-Tier Stainless Oyster Rack is designed to hold shellfish flat during grilling to keep succulent juices where they belong - in the shell, not on the grates. Take your oysters straight from grill to table for beautiful presentation at your next outdoor gathering. The rack can also be used to grill unforgettable hors d'oeuvres, like stuffed mushrooms or bell peppers.

B - Stainless Pepper Roasting Rack – CC3100

This large-capacity rack holds peppers upright so cheese and other ingredients stay inside the peppers while grilling. Perfect for making grilled jalapeño poppers for large parties. Can also be used in the oven on a baking sheet. 8.9 in. x 1.7 in.

C - Stainless Steel Drumstick & Wing Grilling Rack – Folding – CC3125

Grilling chicken wings and drumsticks is a healthier alternative to deep-frying. Thread your legs and wings into this stainless steel rack for quick cooking; the rack folds for easy storage when you're done. Grill up to 8 large chicken drumsticks or wings or use it in the oven.

D - Reversible Rib & Roasting Rack – CC3096 & CC3001

Two racks in one! One side is indispensable for larger cuts of meat like roasts or small turkeys. Flip it over and grill six full slabs of ribs upright, saving space on the grill for other food. Air and smoke circulate around food for more even cooking and smokier flavor. Available in stainless steel or non-stick. 9.75 in. x 13 in.

E - Non-Stick Potato Rack – CC3004

Whether baking potatoes in the oven or preparing potatoes alongside steak on the grill, this potato rack is an efficient way to get the job done. The non-stick potato rack can cook up to four potatoes at once. The prongs help whole potatoes cook faster by transferring the heat to the inside of the potato. Try cooking sweet potatoes and yams on the rack as well. 15.5 in. x 3.5 in.

Stainless Steel Turkey Infusion Roaster  

CC3124 - case / 4

20 in. x 8.5 in.

Non-Stick Combination Vertical Roasting Rack & Wok

Vertically cook poultry to tender perfection while roasting vegetables in the wok at the base. This combination wok and roaster takes advantage of the grill's high heat and infuses great flavor from the bird to the veggies. You can also remove the basting cup and use only as a wok.

CC3503 - Case / 6

Patent #9,560,937

12 in. diameter

Packaging - box

GRILL BASKETS

grill toppers

Baskets aren't just for picnics – they're for the grill, too! By keeping together delicate foods or preventing small pieces from falling through the grate, these grill baskets are an essential part of any grilling collection. Their open mesh construction allows heat and smoke to cook your food without losing a single bite!

A - Non-Stick Rectangle Plank Flexi Basket – CC3136

Turn and move your plank-cooked meal on the grill with one motion! With this flexible grilling basket, you can place any cut of meat (or even several!) inside with a wood plank, and easily maneuver it over your grill. You can even flip the whole thing upside-down to give the top of your food a finishing touch over the flame. The interlocking non-stick links on the sides of the basket expand to securely hold food. It can be used on charcoal, gas, or electric grills.

B - Stainless Steel Mesh Roasting Pan – CC3091

Stainless steel mesh offers another way to get flavor from the grill without losing food through the grate. Roasting pan is all stainless steel, with two large side handles. Constructed to hold lots of food.

C - Crab Cake Grilling Basket & Press – CC3138

Crab cakes don't have to be drowned in oil and fried – try cooking them on the grill for a lighter version of this delicious seafood dish! Press creates perfectly-sized patties while basket holds them together as they cook.

D - Non-Stick Single Kabob Baskets – CC3087

Kabob baskets are the answer for kabob-style cooking without skewers. Simply fill the basket with cut-up food and grill. Rosewood handles. Non-stick. 1.75 in. x 19.25 in. Set / 4.

E - Non-Stick Triple Fish Basket – CC3016

Heavy gauge fish basket holds three whole fish and prevents fish from sticking to the grill. Rosewood handle. Non-stick. 11 in. x 24.5 in..

WOKS, GRIDDLES & GRIDS

grill toppers

Prepare all your favorite food on the grill - even smaller food that would otherwise fall through grill grates! The Porcelain Perforated Fish Grid is perfect for whole fish or for smaller seafood and veggies. The grid's perforations allow juices to drain and also create temperature zones, with the middle holes of the grid allowing more flame and heat to come in contact with your food. Food should be placed in the middle for searing and closer to the edges if less heat is preferred.

A - Porcelain Perforated Fish Grid – CC3141

Prepare all your favorite food on the grill – even smaller food that would otherwise fall through grill grates! The Porcelain Perforated Fish Grid conducts high heat to cook your fish, scallops, shrimp and other seafood, but is lightweight and easy to clean. The grid's perforations allow juices to drain and also create temperature zones, with the middle of the grid getting the hottest. Food should be placed in the middle for searing and closer to edges if less heat is preferred.

B - Non-Stick Mesh Grill Sheet – CC4143

Grill your next meal with ease! Non-Stick Mesh Grill Sheets are the ideal grilling buddies. Food stays securely on the sheet during grilling, and the nonstick material allows for easy removal of food afterwards. Smoke flows through the mesh design to impart flavor onto your meat, veggies, fish, shrimp, bacon, wings and more.

C - Stainless Steel Pro Griddle – CC3509

Heavy-duty professional-style griddle has large easy-grip handles for gloved hands. The reservoir on the front edge reduces flare ups by catching grease, while the rear edge provides a stop for spatulas and makes turning food easy. 20.5 in. x 8.75 in.

D - Non-Stick Perforated Grilling Pan – CC3127

This porcelain-coated steel grill pan resists sticking, and perforations allow for heat and smoke to reach your food while liquids drain out. A long (13 in.) handle keeps you away from the heat so that your cookout is an even more pleasant experience.

KABOBS & S'MORES

skewers

It's a fact: food tastes better on a stick. Our perspective might be skewed, but it's true! Small cuts of meats and veggies come together in customized kabobs that are perfect for parties. Whether you're serving kabobs, kofta, or other skewered dishes, our wide selection of skewers includes different shapes and sizes bound to suit your needs. And we didn't forget dessert! Campfire classics like s'mores can be created right on your grill for a sweet treat.

A - The 360° Skewer™ – CC5168

Kabobs are an international delight and a staple of any barbecue experience. Traditionalists make theirs with meat, veggies, and seafood, while the more adventurous go for brownie bites or marshmallows. Whatever your preference, simplify your next kabob session with the 360° Skewer™. One click of a button on the handle rotates the kabob 180° while another click gets you full circle. This extra-long soft-grip tool is easy to hold and protects your hand from heat.

B - Skewer Express™ Easy Kabob Loader – CC2030

Make six kabobs in seconds! This kabob loader makes it faster, easier, and less messy to put together delicious kabobs for the grill. The kabob loader base features six channels to hold ingredients for your meal in place, [then guide you so you can skewer through the center all at once.] Loader also makes it convenient to sprinkle on spices or drizzle on marinade, catching any excess. Includes 6 stainless steel skewers.

C - Stainless Steel Flat Skewers – CC5147

Grill up delicious meat and veggie kabobs with these sleek stainless steel skewers! These skewers have a wider, flat design that helps to accommodate larger cuts of meats and vegetables while preventing food from spinning. Built-in looped handles make them easy to hold. 12.5 in. x .5 in. Set of 6.

D - Stainless Steel Skewer Station® – CC3116

Skewer Station®, a dramatic presentation for grilled skewers of a single ingredient, allows guests to personalize entrées. To serve, simply push meat or vegetable from skewers with the enclosed stainless steel fork onto a plate held underneath. The grooved wooden tray prevents juices from spilling onto the table. Set includes six 11.5 in. skewers, one fork, stand, and base. Overall assembled height is 15.25 in.

E - Stainless Steel Grill Clips – CC5134

Easily grill individual portions of vegetables. Clips are ideal for asparagus, zucchini slices, green onions or any other long vegetables. 6.25 in. Set / 4.

Skewer Express™ - Easy Kabob Loader

This kabob loader makes it faster, easier, and less messy to put together delicious kabobs for the grill. Simply place your pieces of meat or veggies into the channels, close the kabob loader lid, and slide each stainless steel skewer through the guide holes. Your skewers will be filled and ready to hit the grill! The loader also makes it convenient to sprinkle on spices or drizzle on marinade, catching any excess. Finally, uncooked kabobs may be stored in the loader in the refrigerator, and carried out to the grill.

BBQ TOOLS

tools

When you think of barbecue tools, classics like tongs, forks, and spatulas are the ones that spring to mind. They're as essential to a cookout as the food itself! Available as individual pieces or in perfectly giftable sets, our barbecue tools make it a pleasure to flip a burger or turn a steak! Our cast iron accessories also add to your grilling experience, bringing their heft and high-heat capabilities to cook your food to perfection.

A - Slash & Serve™ Meat Claws – CC1132

These heavy-duty stainless steel meat claws are designed for handling larger pieces of meat such as roasts, turkeys, chickens, and hams. Slide your fingers between the blades for a firm grip and shred a smoked pork butt into pulled pork in minutes.

B - Cast Iron Grill Marks Press – CC5159

Using a grill press during the high heat of grilling locks moisture into meat, making food succulent. Our cross-hatched grill press is heat-conducting, heavy cast iron designed to give you beautiful grill marks with ease. The cast iron handle provides a sure grip and plenty of leverage for laying on the most impressive crisscrossing lines!

C - Cast Iron Brie Baker – CC5139

Whether you just want to melt some brie for a simple dip, or bake up a brie-based concoction, this Cast Iron Brie Baker will cook your wheel of cheese to gooey perfection. Place your cheese and toppings inside the baker and cook in your oven or on your grill. Perfect for parties!

D - Cast Iron Grill Presses – CC5023, CC5024

Cast iron grill presses have a raised ridge pattern on the bottom. Great for getting good contact with the grill for impressive grill marks. Pre-seasoned.

E - Enameled Grill Dome with Silicone Handle – CC5169

Grill the juiciest food on the block with the new Enameled Grill Dome! The dome captures and reflects heat onto your burgers, steaks, chicken, or veggies to decrease cook time, reduce flare-ups and infuse your food with more smoky flavor. Perfect for melting cheese onto burgers without overcooking the meat. Features a silicone handle heat safe to 500°F (260°C). Can also be used indoors.

FLAVOR & FRY

tools

Favor your food inside and out! Light and crispy outsides with tender, juicy insides can be created with the right tools. With these injectors you can add your choice of marinade, brine, or other liquid right where it needs to be: on the inside of your meat. Adding liquid prevents proteins from drying out, and is as easy as a squeeze! Our frying accessories also make quick work out of prepping and frying your favorites, helping to contain mess so you can enjoy your freshly-fried foods faster!

A - Stainless & Soft Grip Marinade Injector — CC5160

Infuse your meat with flavor and moisture in less time than it takes to marinate it! This marinade injector includes two tips for different kinds of marinade: a single-hole needle tip for thicker marinades, sauces, or pastes, and a multi-pin-hole tip for thinner marinades, brines, beers, or wines. When not in use, clip your needle tips to the injector's cap for easy storage.

B - Stainless Steel Deep Fry Thermometers

Keep oil temperatures steady for perfectly fried foods! Thermometer features an easy to read temperature dial and convenient side clip that fastens to any fryer pot.

Short CC5109

Long CC5110

C - Stainless Steel Deep Fry Skimmers

Use skimmers to remove smaller foods from the fryer, or cooking debris from the oil's surface. Stainless steel.

Small Skimmer CC5107

Large Skimmer CC5108

D - Stainless Steel Marinade Injector — CC5112

Made of all stainless steel, this marinade injector is serious business! Injector features two handles to help keep a steady grip while pushing marinade into poultry or other meats. Needle design resists clogging.

E - Plastic Marinade Injector with Large Handle — CC5034

Large handle makes it easy to plunge basting liquids through the clear vial. Stainless steel needle design resists clogging.

Breading Station™

Bread multiple items at once for baking or deep frying. Reduce mess by keeping breadcrumbs contained. Ensures even coating by keeping food items separate from the breadcrumbs, eliminating clumps. Tray can also be used for marinating. Includes two clear plastic trays, one red plastic perforated sifter. 16 in. x 8 in. x 4.5 in. overall dimensions.

CC5145 - case / 4

Packaging - window box

Bread chicken for frying in 4 easy steps:

1. Place dry breadcrumb mixture in one tray.

2. Place egg-washed chicken on sifter.

3. Close lid and gently flip back and forth for breading mixture to coat chicken.

4. Breaded and ready to be fried.

E - Squeeze-N-Flavor™ – CC5148

This marinade injector is easier to use than traditional, syringe-style injectors. With one hand, you can fill your Squeeze-N-Flavor™ and inject your meat with your choice of marinade or liquid. Rubber bulb holds 2.5 oz of marinade.

CC5148 - case / 6

2.5 fl. oz. capacity

Packaging - pegging blister card

ANALOG & DIGITAL

thermometers

A good griller keeps a watchful eye on his or her grill – and most importantly, on the temperature! Our thermometers can monitor ambient or internal temps, with either analog or digital displays. Accurate readings are essential when cooking meats, both for flavor and safety reasons, so leave out the guesswork!

A - Dual Temperature Thermometer – CC4131

Take out the guesswork with the Charcoal Companion® Dual Temperature Thermometer. The thermometer gives precise readings of your meat as well as the ambient temperature of your grill, oven or smoker. The larger dial shows the internal temperature of your meat, while the smaller dial displays the temperature of your cooking environment. The Charcoal Companion® Dual Temperature Thermometer is made of stainless steel with a silicone sleeve and shows recommended temperatures for your poultry, pork, beef and lamb. For beef and lamb, it also includes temperature ranges for rare, medium and well done. To use, insert probe point into the thickest part of the meat. You'll get a reading in about 20-30 seconds.

B - Dual Temp™ Digital Thermometer – CC4076

This ingenious thermometer does it all! The Dual-Temp™ Digital Thermometer measures food and oven or grill temperature at the same time. Unit also features an alarm to indicate when temperature and correct set time have been reached, as well as a large-digit, back-lit LCD display and easy-to-clean touch control pad. Folds flat for storage or oven use. Uses two replaceable AAA batteries (not included).

C - Talking Temp Digital Thermometer™ – CC4101

You set the protein and this ingenious thermometer tells you what temperature it is. Also has a large-digit, back-lit LCD display. Uses two replaceable AAA batteries (not included).

D - Grill And Oven Thermometer – CC4079

A constant, accurate temperature is the key to successful grilling, baking, and roasting. This oven and grill thermometer rests on top of the grill grate or oven rack to measure the ambient temperature of the cooking environment. Thermometer can also hang from the edge of an oven rack as a space-saving option.

E - Flip-Tip™ Digital Thermometer – CC4075, CC4089

The Flip-Tip™ Digital Thermometer features an adjustable silicone depth gauge, allowing consistent placement of the thermometer probe for more accurate readings throughout the cooking process. The folding probe locks into multiple angles for easier monitoring and closes flat for convenient storage. Monitors temperatures from -58°F to 572°F (-50°C to 300°C). Reads temperature in six seconds. Uses two replaceable AAA batteries (not included)

BRUSHES & CLEANERS

grill care

CHARCOAL
COMPANION

**SAFE
SCRAPE**

THE NON-BRISTLE
GRILL CLEANING TOOL

Every professional griller knows the secret to great grilling is a clean set of grill grates. Grillers get the best results with our updated line of Safe-Scrub™ brushes. With bristles that don't fall out, they're the most resilient brushes we've ever made. Safe up to 400°F, their special design won't damage stainless-steel, porcelain, or cast iron grills.

A - Safe Scrape™ – The Non-Bristle Grill Cleaning Tool! – CC4120

Give your grill a custom clean! This wooden scraping paddle removes debris from grill grates, while the heat and pressure from cleaning slowly shape your paddle so that it fits the grate perfectly. The more you use it, the better it works!

B - Safe-Scrub™ Sustainable Bamboo Grill Brush – CC1100

Harness the power of natural, durable bamboo and palmyra stalk to get your grill sparkling clean! This grill brush is made out of sturdy and eco-friendly bamboo, and features all-natural palmyra stalk scrubbing bristles – which are safe even on porcelain grates! A longer-length handle and comfortable wrapped-cord grip give you a firm hold and extra leverage while scrubbing.

C - Spiral Wire Grill Brush with Removable Handle – CC4121

Dirty grill grates can contaminate food with unwanted flavors and bits of debris. Scrape the gunk away with our Spiral Wire Grill Brush! A twisted-wire design keeps bristles secure while retaining flexibility. Brush also comes with a 12-inch removable handle so you can clean grates while staying farther from the grill.

D - Dual Handle MONSTER Grill Brush™ with Spiral Bristles – CC4090

A new, patented design for our scrubber's bristles holds them securely in place, while allowing you to clean effectively between grates. Stainless steel bristles.

NEW ADVANCED DESIGN

SAFE-SCRUB™ BRISTLES

Every professional griller knows the secret to great grilling is a clean set of grill grates. Get the best results with our updated line of brushes with safer diamond-coated nylon bristles! Their special design won't damage stainless-steel grills, porcelain, or cast iron.

We're sure you'll love our Safe Scrub™ brushes as much as your grill does!

Diamonds are a grill's best friend

Diamond-based coating helps clean without damaging surfaces

Get rid of the grime

Nylon bristles with twisted wire design are strong and pliable

Long Lasting

Keep clear of active heat sources (burning gas grills or hot coals) to ensure a long life for your brush

Good for the Earth

Bamboo and Palmyra are sustainable materials that rarely need replanting and promote healthy ecosystems

Packaging - spray bottle, label

ACCESSORIES

grill care

With the high heat of the grill, it's important to take precautions. Protect your patio – and yourself! – from spills and mishaps with our heat-safe gear and grill lights. Heat-safe gloves offer a layer of protection while working over the grill, our BBQ Grill Splatter Mat prevents damage to your deck or patio, and our grill lights improve visibility of your grilling surface even at night. Starting charcoal is also made simple with our array of electric starters and charcoal chimneys.

A - Fire UP™ Charcoal Starter Wand – CC4110

This Charcoal Starter Wand is an environmentally friendly way to ignite your charcoal without using toxic lighter fluid! The high-heat, fast-start wand can light charcoal briquettes, wood chips, chunks, or pellets with ease. Two simple switches take your charcoal from cold to smoldering in a matter of minutes: the heat setting ignites, while the blow setting distributes the flames to unlit material.

B - BBQ Grill Splatter Mat - For Gas Grills – CC4511

This black grill mat is the perfect way to protect your deck or patio while you're cooking on the grill! The mat's flame-resistant fibers help prevent stains on your deck caused by accidental spills from your grill. The PVC backing gives the mat a non-slip grip. Your outdoor flooring will be kept cleaner and safer when you have this protective mat between it and your hot grill!

C - Silicone Glove – CC5154

This silicone glove is perfect for handling both hot tools and hot food on the grill. Move grids, baskets, and woks with assurance, or shred piping hot pork shoulders and take beer can chickens off the can! The glove is light and flexible for dexterity, can withstand heat up to 475°F (246°C), and can be worn on either the right or left hand. The silicone material and raised ridged texture make your grip secure.

D - Magnetic Flexible Mini Grill Light – CC5096

Magnetic Flexible Mini Grill Light will stand, flex, twist, turn, and can be wrapped around grill tools or to a hat brim to make life just a little bit brighter. Battery-operated for portability with a magnetic base, allowing it to stand on metallic surfaces. Small enough to slip into a pocket for quick access. Uses four LED bulbs for a cool, bright light. Uses three replaceable CR2032 (3 volt) lithium batteries (included).

E - Insulated Food Gloves – CC5152

Use insulated food gloves for shredding piping hot pork shoulders, taking beer can chickens off the can, and removing hot foods from the grill. Our gloves are light and flexible for dexterity and well-insulated to shield hands from the heat. Sold as a pair. Heat safe up to 248°F.

Pit Mitt®

Attachable Sun Shade for Gas Grills

Stay cool while you grill! The Charcoal Companion® Attachable Sun Shade for Gas Grills makes it easier to grill on those hot summer days when you'd otherwise stay inside.

The shade clamps securely onto the side of your grill and is adjustable 90° horizontally and 360° vertically so you're protected no matter what time of day. To use, simply clamp the sun shade to your grill, picnic table, patio railing or anywhere that needs some cover. Folds after use for easy storage.

CC5170 - case / 3

INSECT REPELLERS

bug zappers

Keepest the bugs away from your next barbecue without resorting to unsafe insect sprays by using The Amazing Handheld Bug Zapper! Shaped like a tennis racket, the zapper kills insects on contact with a low-voltage electric current when they touch the surface of the “net.” Sold open stock or with displays, this item is a perfect complement to outdoor grilling programs.

A - Game Over Handheld Bug Zapper – PBZ-35

“Game Over” message is printed on the net to warn bugs of their impending doom! Uses two replaceable AA batteries (not included). 18.75 in. x 7.75 in.

B - The Amazing Handheld Bug Zapper

Zap away unwelcome guests at your next cookout! These fun rackets turn swatting pests into a game you’re guaranteed to win! Uses two replaceable AA batteries (not included). 18.25 in. x 6.25 in.

ATTACHABLE SUN SHADE FOR GAS GRILLS

////////////////////

***"I LOVE THE SHADE
BECAUSE IT ATTACHES
EASILY TO EITHER
YOUR GAS GRILL OR A
SIDE TABLE. IT ALLOWS
THE GRILLER OF THE
HOUSE TO HAVE THEIR
OWN PERSONAL SHADE!"
-WENDY***

***"I LOVE GRILLING
OUTSIDE ON A NICE DAY,
BUT STANDING IN THE SUN
NEXT TO A HOT GRILL CAN
GET UNCOMFORTABLE.
THE SUNSHADE IS THE
PERFECT WAY TO ENJOY
GRILLING ON A BEAUTIFUL
DAY WHILE STAYING OUT
OF THE HOT SUN."
-BENNETT***

////////////////////

(see page 81 for more information)

NON-STICK GRILLING MESH

-AVAILABLE IN BAGS OR SHEETS-

////////////////////////////////////

"I USED THE MESH SHEETS TO RE-HEAT SOME PIZZA IN THE OVEN AND IT WORKED GREAT. THEY ARE LIGHT, QUICK, AND EASY TO CLEAN."

-JANE

"OH! SO EASY TO USE. EASY TO CLEAN, AND LEAVE NO MESS ON THE GRILL. THE MATERIAL COOLS DOWN VERY QUICKLY, ALLOWING ME TO HANDLE IT RIGHT AFTER GRILLING. THE POUCH MAKES IT EASY TO COOK SMALL ITEMS DIRECTLY ON THE GRILL. I USE THESE WITH EVERYTHING."

-JONNY
